Diversity Programs in Engineering is seeking volunteers and overnight hosts for the Spring Diversity Hosting Weekend (DHW), April 16-18 and Prospective Candidates Weekend (PCW), April 17-18. If you would like the opportunity to exhibit warm hospitality and share your Cornell experience with prospective students, please register as a volunteer and/or overnight host via the following link:
http://www.engineering.cornell.edu/diversity/office-diversity-programs/DPE-Host-and-Volunteer-Form.cfm

All of these programs engage prospective underrepresented minority and women students in a variety of activities such as lab tours, student panels, opportunities to interact with faculty, and much more. Please consider volunteering your time to help recruit our next class of Cornell engineers!

DHW Hosts receive:
*$15 CU Store Gift Card or a MILRSO Fashion Show Ticket*
*2 raffle tickets for a DPE First Friday*

Spring Host Training Dates:
Tuesday, March 24 6:00-7:00pm RPCC Multipurpose Room 218
Wednesday, March 25 6:30-7:30pm RPCC Auditorium
Thursday, March 26 6:30-7:30pm Appel Private Meeting Rooms 302 ABC
Tuesday, March 31 6:30-7:30pm RPCC Auditorium
Wednesday, April 1 6:30-7:30pm RPCC Auditorium
Thursday, April 2 6:30-7:30pm RPCC Auditorium

For more information please contact: Jami P. Joyner [JJ334] (DHW), or Sara X. Hernandez [SH267] (PCW).

Research, Internship, Training, & Employment

2. NYSE seeking technologists

Hi, the NYSE is looking for bright technologists to join our 2009 technology development program. This is a terrific program that I'm sure your club members will find to be a great opportunity. I have attached the job description as well as a link to our website. Anyone interested is invited to email their resumes to dreese@nyx.com.
Thank you!

3. National Science Foundation Science & Technology Centers 2009 Summer
Undergraduate Internship Programs

Dear Prospective Candidate,

We would like to invite you to apply to the NSF-STC Summer Undergraduate Internship Program. The National Science Foundation Science and Technology Centers (STCs) offer paid summer internships at our seventeen centers, located at prestigious universities around the United States. These summer internships provide undergraduates an opportunity to conduct research in a graduate school setting in the following fields: 1) biological sciences, 2) computer and information sciences, 3) engineering, 4) geosciences, and 5) mathematical and physical sciences.

These summer research opportunities are fully funded and are an excellent way to gain a competitive edge toward graduate school. The centers are currently accepting applications for the 2009 Summer Programs. Deadlines are rapidly approaching and I would like to encourage anyone interested to apply. For more information on participating Centers and their application process and deadlines please access our website at www.nsfstc.org.

If you have any questions, please feel free to contact me via email at wuehara@cens.ucla.edu. Thank you for your time, and I look forward to seeing your application.

Sincerely,

Wesley Uehara
Recruiting Manager
NSF-Science & Technology Centers

4. Johns Hopkins University Applied Physics Laboratory

SWE Chapter,

The Johns Hopkins University Applied Physics Laboratory is a nationally recognized, university-affiliated R&D center investigating some of the nation's most complex science and engineering problems. Scientists and engineers work at the leading edge of technology in over 200 programs, ranging from defense systems engineering to space science and biomedicine. We are actively recruiting for new graduates for entry level technical employment opportunities and internships.

Click here to learn more about our organization.

We strongly encourage everyone with relevant background and professional interests to consider opportunities at APL. Due to the nature of our work, most positions at APL require U.S. citizenship.

Thank you,
5. 3M 2009 Summer Internship Opportunities

This note is being sent on behalf of Gene Washington, Manager, 3M Workforce Diversity.

We are seeking your assistance in identifying Engineering students for our 2009 Summer Internships, located at our corporate headquarters in St. Paul, MN.

Qualifications:
- Chemistry
- Chemical
- Mechanical
- Electrical
- Material Science
- Physics
- Polymer Science
- Junior Standing
- A minimum 3.0 GPA
- Available Summer 2009

To apply go to www.3M.COM/jobs4me enter requisition 900138.

Please SHARE the attached document with your students. Thank you for your prompt response. We look forward to building a relationship with you and the students at your University!

6. Opportunity to be in the Cornell Engineering Magazine!

If any of you have decided to participate in the Solar Power Applications Contest, please contact Robert Emero at rbe7@cornell.edu. He’s interested in writing an article about this contest in the Cornell Engineering magazine, and would like to interview you! This is a fantastic opportunity, ladies, so go for it!
